BOX SEQUENCE

Commissioner for Patents
Washington, D.C. 20231

Commissioner:

Submitted herewith is an initial computer readable form and an additional copy of the sequence listing of those sequences in the captioned patent application on the enclosed compact disk labeled "Copy #2." The compact disk copy of the sequence listing is provided in lieu of a paper copy in view of the large number of nucleotides included in the sequence listing. The initial computer readable form of the sequence listing is the same as the additional electronic copy of the sequence listing on the enclosed compact disk labeled "Copy #2." The sequence

information provided in the Specification is also the same as the sequence listing of the enclosed initial computer readable and additional compact disk forms of the sequence listing.

In accordance with 37 C.F.R. § 1.821(g), it is represented that no new matter is included with this submission.

Respectfully submitted,

Robert E. Hanson
